

Know she's fine before you drive to the marina.

A small 12-volt box next to your house battery. When the bilge pump runs more than usual, shore power drops or the battery sags, it sends a text to your phone. **10 years of cellular data included. No subscription.**

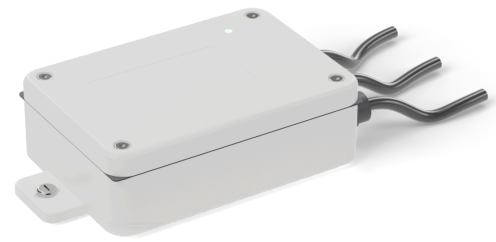

Keelbell Alerts · text message · 2:47 AM

Bilge pump ran 6 times since 1:10 a.m. · Slip C-14

Keelbell Alerts · text message · 6:12 AM

Shore power restored · 6:12 a.m. · Slip C-14

Example text alerts. Keelbell is in development.

112 × 78 × 35 mm · 4.4 × 3.1 × 1.4 in
Concept render. Final design may change.

Bilge pump	runs more than usual
High-water float	trips
Shore power	drops or returns
House battery	voltage falls
Cabin	near freezing · hatch opens (planned)

\$249

estimated
founders \$199, first 100

10 years of data included (planned). No subscription.

Alert texts are sent from our server, included for the 10 years (planned). Cellular LTE-M, no Wi-Fi. After 10 years, renew for about \$15 (est.) or it stops sending.

Five-year cost: box plus plan

\$1,700
Siren 3 Pro

\$1,200
Siren 3

\$600
Roam, on cellular

\$300
Roam, on your own Wi-Fi

\$249
Keelbell, est.

Hardware plus the cheapest plan covering five years, rounded. From each maker's public website on Oct 6, 2026: Siren \$799.99 / \$299.99 + \$900 five-year plan; Roam \$299.90 + \$60/yr on cellular, \$0 on your own Wi-Fi. Extra sensors not included.

● ThruTank

Holding-tank gauge designed to read through the wall.

- Sits on top of a plastic or fiberglass tank. 60 GHz radar, designed to read the level through the wall: no hole.
- Home Assistant through its built-in BTHome support (planned firmware). Victron GX: native support planned.
- Not for metal tanks. Needs access to the top of the tank.

Both products are concepts in development. They may not ship and are not for sale; prices are estimates. Renders and alerts are illustrations. Keelbell is a notification aid, not a safety device or a substitute for checking your boat, a bilge pump or insurance; alerts depend on cell coverage. Questions: keelbell@burakali.com. Designed by Burak Unlu, Johns Hopkins engineering student (his own project, not a university one) · pebl health inc., Baltimore, MD.
